May 26 Deadline to apply to start in August (fall semester)

If you miss these deadlines please contact admissions.chs@cnsu.edu for more information on space availability.

Pre-Med Post Baccalaureate (PMPB) Admissions Timeline

Students may start the PMPB Program in the summer, fall, or spring terms. The summer session features MCAT review only. The fall and spring semesters cover academic coursework in such areas as core sciences, social sciences, standardized patients, professional communication, service learning, and a healthcare seminar. **Enrollment and tuition are for one-year.**

Spring Start (January)

Apply between **August 1 - November 1** to start in the spring term, followed by summer and fall terms. These students will be eligible for medical school consideration after the completion of the spring term, summer term (if desired) and the fall term for the following fall.

Summer Start (June)

Apply between **January 2 - April 1** to start in the summer term (with MCAT review), followed by fall and spring terms. These students will be eligible for medical school consideration after the completion of the spring term with the goal to start medical school in the following fall. Students who opt out of the summer MCAT review will pay the same tuition as those who enroll for all three terms.

Fall Start (August)

Apply between **January 2 - June 15** to start in the fall term, followed by spring and summer terms. These students will be eligible for medical school consideration after the completion of the spring (or summer) term for the following fall.

If you miss these deadlines please contact admissions.chs@cnsu.edu for more information regarding space availability.
