FOR MORE INFORMATION,
PLEASE VISIT [HEALTHSCIENCES.CNSU.EDU](https://healthsciences.cnsu.edu)
OR EMAIL CHS.SCIENCES@CNSU.EDU

- Participants will engage and collaborate with college students and distinguished faculty members by focusing on a novel scientific research question.
- While conducting research, students will participate in scientific discussions, receive training in laboratory skills, and learn about scientific rigor and methodology.
- Participants will give a professional presentation on their scientific results, with the potential for future publication.
- Areas of study may include environmental biology, chemical modeling/drug recovery, and molecular analysis of model organisms- all connecting to health and biomedical sciences.
