

2022 FIRST EXPERIENCE

FOCUSED INTERDISCIPLINARY RESEARCH AND SCIENTIFIC TRAINING

A one week immersion experience for high school students that focuses on conducting interdisciplinary and collaborative scientific research at the CNSU College of Health Sciences state-of-the-art research facility.

July 18-22nd, 2022

**CNSU College of Health Sciences
2910 Prospect Park Dr.
Rancho Cordova, CA 95670**

Deadline to Apply May 15th, 2022

Application Fee: \$40

Cost to Attend: \$900

**Participants must have completed at least one high school science course and be an entering Sophomore, Junior or Senior*

- Participants will engage and collaborate with college students and distinguished faculty members by focusing on a novel scientific research question.
- While conducting research, students will participate in scientific discussions, receive training in laboratory skills, and learn about scientific rigor and methodology.
- Participants will give a professional presentation on their scientific results, with the potential for future publication.
- Areas of study may include environmental biology, chemical modeling/drug recovery, and molecular analysis of model organisms- all connecting to health and biomedical sciences.
